Watson Dairy Consulting
Aberdeen
United Kingdom

Dear John

I write to thank you for the professional assistance and advice you have provided to Crantit Dairy with ice cream, butter and milk projects over the last ten years. You helped us research and develop new products, source equipment and ingredients, set up lines and processes, develop our quality system and provided a wealth of information.

We are delighted to remain a client of Watson Dairy Consulting and wish you continued success.

Yours sincerely

Dennis Bichan
Managing Director
